Car

[Live traffic](#)

We are about 5 minutes' drive from A27, and situated on the main Shoreham to Brighton road (A270). From London take the M23-A23 and join the West-bound A27 briefly, exiting at Devil's Dyke. Take the third exit at the roundabout (A2038) and after half a mile turn left onto Nevill Road. Follow this until you reach the traffic lights at Old Shoreham Road (A270) and turn left towards Brighton. Shortly you will see Goldstone Retail Park on your right (access via the traffic lights just before). Free parking for retail park users (3h) or park just past the retail park on Goldstone Lane for about £5 (all day). From the retail park Onemed is a very short walk.
